District #3 Road Foreman Dave Heggemeyer and representatives from two gravel suppliers were present during the bid opening. Bids submitted by the following companies were opened and read aloud:

Roll call vote: Ayes, McCallum, Uhlir, and Klein. Nays, none. Motion carried.

Discussion was held concerning the request by the Nebraska Department of Roads for Madison County to assume responsibility for energy costs and maintenance of street lights to be installed at the future 43rd Street intersection with Highway 275. Commissioner Uhlir stated that he was against county participation due to the possibility of setting a precedent for future intersections with state highways. He also asked if Madison County had previously adopted a resolution to not pay utility costs for private areas and County Highway Superintendent Richard Johnson responded that the county approved a motion to deny requests for the county to pay for lighting costs in private subdivisions.

Chairman McCallum stated that he had received four telephone calls from taxpayers advising that Madison County should not pay for street lighting costs along state highway right-of-ways. He stated that, in his opinion, the street lights were the responsibility of the Nebraska Department of Roads, not Madison County or Divots. Commissioner Klein stated that, in his opinion, street lights are necessary, but the costs are not the responsibility of Madison County.

County Highway Superintendent Richard Johnson reported that he gathered information regarding the request. He explained that he spoke with a representative from Nebraska Public Power District who reported that the Nebraska Department of Roads constructs the lights and pays the construction costs as part of the U.S. Hwy 275 project. In addition, he reported that upon completion of the project, the county would be responsible for electrical costs and maintenance, estimated to be \$9.30 per month per light for energy costs and maintenance. Mr. Johnson stated that this cost includes replacement of bulbs as needed; however, if additional work were required, Nebraska Public Power District would complete the work and then bill the county.

Chairman McCallum questioned how many lights would be included in this project and County Highway Superintendent Richard Johnson responded that between three and seven street lights would be required. He also reported that the Nebraska Department of Road's website reflects that the average unit prices for street lighting units range between \$1,300 to \$3,000 to furnish and install. He reported that he researched the possibility of NIRMA insuring the lights from major damage and received correspondence saying that, if Madison County had an insurable interest in the lights, NIRMA would insure them. Mr. Johnson further stated that, if a car damaged one of the street light poles, Madison County or NIRMA could seek to collect damages from the driver. Mr. Johnson reported that Nebraska Department of Roads District #3 Engineer Kris Winter told him that she didn't know if the lights would be built if Madison County denied the request. He recommended that Madison County agree to pay the energy costs and maintenance of three street lights at the intersection.

Chairman McCallum stated that Donna Herrick has done a great job with the Divots business; however, this request for street lighting is not the county's or Divots' responsibility. He questioned who wants the lighting installed and County Highway Superintendent Richard Johnson responded that the request was received from the Nebraska Department of Roads. He stated that, in his opinion, if the county denies the request, the Nebraska Department of Roads would probably send the request to Divots. He stated that the main issue is public safety. Commissioner Uhlir responded that he wants the public to be safe; however, the county needs to look at the precedence that will be set by approving this request. He explained that individuals may also want to install lighting for security and safety and request the county to pay for the expense.

After further discussion, it was moved by Klein and seconded by Uhlir to direct County Highway Superintendent Richard Johnson to write a letter to the Nebraska Department of Roads denying the request for Madison County to assume responsibility for energy costs and maintenance of street lights to be installed at the future 43rd Street intersection with Highway 275 located at the entrance to Divots Conference Center. Roll call vote: Ayes, McCallum, Uhlir, and Klein. Nays, none. Motion carried.

Motion made by Uhlir and seconded by Klein to table a tort claim filed by Thomas Zakrzewski in the County Clerk's Office on March 20, 2008, with said claim seeking damages of three billion dollars under federal and state law, including civil racketeering claims. Roll call vote: Ayes, McCallum, Uhlir, and Klein. Nays, none. Motion carried.
