Contech Construction Products, Inc.	Lincoln, Nebraska
Metal Culverts, Inc.	Jefferson City, Missouri
Midwest Service & Sales Company	Schuyler, Nebraska

After discussion, it was moved by Klein and seconded by McCallum to award a contract to B's Enterprises, Inc. for Project No. C-59-770, Madison Northeast. Roll call vote: Ayes, McCallum and Klein. Absent, Uhlir. Nays, none. Motion carried.

Pursuant to published legal notice to bidders in the April 23, 2009, April 30, 2009, and May 7, 2009 editions of The Norfolk Daily News, sealed bids for furnishing labor, materials, transportation, and labor for Project No. C-59-771, Humphrey Northeast, were received. Road District #1 Road Foreman Arland Gross, Road District #2 Foreman John Hrabanek, and several sales representatives were present during the bid opening. Bids submitted by the following companies were opened and read aloud:

B's Enterprises, Inc.	Norfolk, Nebraska
Contech Construction Products, Inc.	Lincoln, Nebraska
Metal Culverts, Inc.	Jefferson City, Missouri
Midwest Service & Sales Company	Schuyler, Nebraska

After discussion, it was moved by Klein and seconded by McCallum to award a contract to Midwest Service & Sales Company for Project No. C-59-771, Humphrey Northeast. Roll call vote: Ayes, McCallum and Klein. Absent, Uhlir. Nays, none. Motion carried.

Pursuant to published legal notice to bidders in the April 30, 2009 and May 7, 2009 editions of The Norfolk Daily News, sealed bids for furnishing one new or used track type mini-excavator were received. Road District #2 Foreman John Hrabanek and five sales representatives were present. Bids submitted by the following companies were opened and read aloud:

Murphy Tractor & Equipment Company	Grand Island, Nebraska
Nebraska Harvester Systems, Inc.	Norfolk, Nebraska
Nebraska Machinery Company	Norfolk, Nebraska
Rexco Equipment, Inc.	Gretna, Nebraska
Scott Van Keppel	Omaha, Nebraska
Titan Machinery	Omaha, Nebraska

Road District #2 foreman John Hrabanek stated that the county might not want to be locked into purchasing a mini-excavator with the uncertainty of county budgets. He stated that he wants the opportunity to rent a mini-excavator and then return it when the county doesn't need the machine. He questioned the bid proposal submitted by Nebraska Harvester Systems, which listed a 48-month lease, but did not include a monthly rental price. The sales representative from Nebraska Harvester Systems clarified that the bid is for a lease and if it would be changed to a monthly rental rate, the price would be \$2,450 per month.

After review and discussion of the bids, County Highway Superintendent Richard Johnson recommended rejection of the bids submitted by Scot Van Keppel and Titan Machinery because the vendors that did meet the specifications for bidding a 2008 or newer mini-excavator and also rejection of the bid submitted by Nebraska Harvester Systems because the bid did not include a monthly rental price.

After discussion, it was moved by Klein and seconded by McCallum to reject the bids submitted by Nebraska Harvester Systems, Scot Van Keppel, and Titan Machinery because the bids did not meet the specifications. Roll call vote: Ayes, McCallum and Klein. Absent, Uhlir. Nays, none. Motion carried.

After further discussion, Road District #2 foreman John Hrabanek recommended that the Board accept the bid submitted by Murphy Tractor & Equipment Company for renting a 2009 Deere mini-excavator because the machine had zero tail swing as requested in the specifications. Motion was made by Klein and seconded by McCallum to accept the bid submitted by Murphy Tractor & Equipment Company for renting a 2009 Deere mini-excavator, with no restrictions on the number of months renting the machine. Roll call vote: Ayes, McCallum and Klein. Absent, Uhler. Nays, none. Motion carried.

Kurt Aaberg, owner of A & A Design, L.L.C., reviewed specifications with the Board for the courthouse ADA compliance project.

Mr. Aaberg reported that he spoke with Binswager Glass in Norfolk regarding the installation of glass enclosures for the rotunda counters. He explained that each counter would have the glass built into an aluminum frame and there would be a separation in the glass to allow for communication between employees and customers. He stated that the glass would be installed so that 18 inches is available on the public side and cut-ins would be installed to pass documents through to each office. In addition, he explained that he proposes installation of a 12-inch deep counter permanently mounted at a height of 24 inches so that anyone with a handicap could use the lower counter and then pass documents through the cut-in trays. He explained that if separate counters are installed for the Assessor, Clerk, and Register of Deeds, the current standard height counters would not need to be altered and all the cabinetry under the counters could remain the same. He explained that this method would be the most economical method of adding handicap height surfaces.

Mr. Aaberg reported that he has completed the ADA drawings to include the following projects:

- 1) Automatic entrance doors on the south end of the courthouse with a remote push button mounted to the concrete pillar
- 2) Automatic entrance doors on the north courthouse entrance with a remote push button mounted to the canopy post
- 3) Installation of new partitions in the public restrooms
- 4) Removal of a closet in the jury room hallway and conversion of the closet and existing restroom for ADA compliance
- 5) Installation of a ramp in the district courtroom
- 6) Installation of emergency lighting in vaults
- 7) Push button lever locks for office doors in the rotunda area
- 8) Glass on counters in rotunda area offices and pass through trays
- 9) Permanent mounted ADA counters for Assessor, Clerk, and Register of Deeds

Mr. Aaberg stated that Register of Deeds Nancy Gross expressed concerns regarding the number of abstractors that must have access to her office and she requested that a button be installed at her desk that would allow her to open the keyless entry door without getting up and going to the door. Chairman McCallum responded that individuals who regularly need access to the office could be given the security code.

Mr. Aaberg reported that the ADA guidelines require one drinking fountain installed at the proper height and the fountain located in the west entrance meets the requirements if several vending machines are removed so that the drinking fountain is visible to the public. In addition, he explained that if the vending machines aren't moved, a sign must be installed from the ceiling advising the public of the location of the ADA drinking fountain. He stated that custodian Jim Smutny advised that County Sheriff Vern Hjorth recommended that all the vending machines be moved to the lobby of the Law Enforcement Center

Custodian Jim Smutny joined the meeting. Chairman McCallum questioned what happened to the canopy that was installed on the south end of the courthouse and custodian Jim Smutny responded that the canopy was sold at a county auction because it was damaged by wind and snow. Chairman McCallum explained that the courthouse ADA plans include installation of a remote push button on the concrete pillar for the automatic entrance doors and if the custodian is planning to install a new canopy it may change the location of the door openers. Custodian Jim Smutny explained that if he installs a new canopy at the south entrance it would extend the full length of the walkway from the south door to the sidewalk on both the east and west sides of the walkway. Mr. Aaberg also explained that the remote push button on the north side of the courthouse would be installed on the east canopy post. Custodian Jim Smutny inquired if the door opener could be installed on the side of the building and Mr. Aaberg responded that it is not convenient to install it on the building because it would be difficult to get to the button when the canopy is being used. Custodian Jim Smutny inquired what happens when the push buttons are used while the doors are locked and Mr. Aaberg responded that there is a control within the mechanism that knows that the door is locked and it will bypass the unlock mechanism. He also stated that he might be able to mount two door openers on the north end of the courthouse, one on the concrete post that could be used during the summer months and the other one on the canopy post that could be used during the winter months. He reported that he could also research installation of a battery-operated door opener.

After discussion, it was moved by Uhlir and seconded by McCallum to authorize advertisement of bids for the courthouse ADA project compliance project and direct Kurt Aaberg to finalize the bid specifications and drawings. Roll call vote: Ayes, McCallum and Klein. Absent, Uhlir. Nays, none. Motion carried.

The Board reviewed an amended tort claim submitted by the law firm of Fitzgerald, Vetter & Temple, filed on behalf of Larry Blaser, Sharon Blaser, Terry McCaw, and Patricia McCaw, for damages resulting from an accident that occurred in Madison County on November 9, 2008. After discussion, it was moved by Klein and seconded by McCallum to table the amended tort claim filed on behalf of Larry Blaser, Sharon Blaser, Terry McCaw, and Patricia McCaw.
