The Board reviewed the following reports:

- 1) Fund balance report
- 2) County Sheriff distress warrant report

Pursuant to published legal notice to bidders in the August 13, 2009, August 20, 2009, and August 27, 2009 editions of The Norfolk Daily News, sealed bids for Project No. C-59-754 Victory Road Reconstruction, bids were received from the following companies:

A & R Construction	Plainview, Nebraska
Castle Construction, Inc.	Columbus, Nebraska
Elkhorn Paving Construction Co., Inc.	Norfolk, Nebraska
Paulsen, Inc.	Cozad, Nebraska
Werner Construction, Inc.	Hastings, Nebraska

After review of the bids, County Highway Superintendent Richard Johnson reported that Elkhorn Paving Construction Company appears to be the apparent low bidder. He explained that since the City of Norfolk is paying a portion of the project costs, the contract should be awarded contingent upon approval by the Norfolk City Council.

After discussion, motion was made by Klein and seconded by Uhlir to award a contract to Elkhorn Paving Construction Co., Inc. contingent upon verification of the accuracy of the bid extensions and approval by the Norfolk City Council and also to authorize County Highway Superintendent Richard Johnson to notify Norfolk City officials of the bid award. Roll call vote: Ayes, McCallum, Uhlir, and Klein. Nays, none. Motion carried.

Jim and Betty Keim appeared before the Board to discuss pit bull dogs in Becker's Subdivision. County Attorney Joseph Smith was present for discussion on this matter.

Jim Keim explained that Stahla Homes owns a parcel of property in the subdivision and the tenant has pit bull dogs. He explained that the pit bull dogs have been there for over a year and have gotten loose several times. He stated that every morning he goes for a walk around the block and two weeks ago on a Saturday morning he was going for a walk and suddenly a pit bull dog came behind him and charged him. He explained that he kicked at the dog several times and the dog took off. He stated that after this incident he decided to turn around and go home and when he got to the intersection by his home the dog came out and charged him again. Mr. Keim stated that for the next 25 minutes the pit bull dog kept barking, charging, and trying to bite him. He explained that he just stood still and looked at the pit bull because he was always told not to show fear or run. He stated that a neighbor finally came out of his house and inquired if he needed any help and he asked the neighbor to call the Sheriff's Department. He explained that the Sheriff's Department came 1½ hours later and removed the dog.

Chairman McCallum questioned if there was only one pit bull dog and Betty Keim responded that they know of two pit bull dogs. She reported that when one of the tenants moved out, some of the pit bull dogs were also taken, but several other pit bull dogs were brought it. Jim Keim submitted a map of the neighborhood and a petition signed by residents in Becker's Subdivision. He stated that no one in the subdivision refused to sign the petition. He explained that the petition requested the Commissioners to consider a complete ban on all pit bulls, and any other dog that may be deemed dangerous, in the Becker's Rural Subdivision, and also for a 1,000-foot zone surrounding the subdivision. In addition, the petition requested that any person owning or boarding said dangerous animal be required to remove said animal within thirty days or face a stiff penalty.

County Attorney Joseph Smith stated that he reviewed the petition and map and spoke to Planning and Zoning Administrator John Johnson. He explained that Becker's Subdivision is within Norfolk City's two-mile zoning jurisdiction. He stated that he would meet with Planning and Zoning Administrator John Johnson and Norfolk City Zoning Administrator Scott Cordes to discuss this matter. He explained that jurisdictions across the country have implemented different regulations regarding pit bull dogs and a complete ban is a weaker position in court than some type of fencing. He stated that if the county and city could do something, it might not be a complete ban because of the constitutional issues associated with a complete ban.

Commissioner Uhlir questioned if the pit bull dogs were penned or inside a fenced area and Jim Keim responded that the dogs are not in a fenced area. Chairman McCallum stated that there must be some law for liability if the dogs are walking on the public roadway. County Attorney Joseph Smith responded that there are ordinary statutes regarding dangerous animals.

Jim Keim reported that he asked the Deputy Sheriff what could be done about the pit bull dogs and the Deputy Sheriff responded that he was simply making a courtesy call because there was no ordinance in the subdivision and all that could be done was to shoot the dog if he attacks someone. Chairman McCallum questioned if the subdivision had protective covenants and Mr. Keim responded that the covenants only limit the number of dogs for each household to two.

County Attorney Joseph Smith explained that the problem with restrictive covenants is that if the stipulation is not part of the original deed, everyone in the subdivision must agree to a change. He explained that is one reason most rural subdivisions form an SID because then a majority of the owners can make a change to protective covenants. He stated that the county may have a jurisdictional problem within Becker's Subdivision, so if any changes are proposed to the county zoning regulations, it would be effective for the entire county.

County Clerk Nancy Scheer reported that Planning and Zoning Administrator John Johnson sent the following email for submission at the meeting: "In case zoning comes up with the pit bulls, the subdivision in question is now in the city's zoning jurisdiction. Madison County only has one-quarter of a mile south of the Pierce county line now. We wouldn't have anything in our regulations about pit bulls anyway and if we did it would apply to the entire county zoning jurisdiction, not just one subdivision. I have been in communication with Joe Smith and there isn't much the county can do without adopting a dangerous dog resolution, but that only allows the county to declare one dog at a time dangerous. As far as I know the city's dangerous dog ordinance does not apply to their two-mile zoning jurisdiction. They could amend any subdivision covenants in place or start a homeowners association and adopt covenants."

County Attorney Joseph Smith explained that the problem with a homeowners association is that unless the covenants are part of the original deed, it would take a unanimous decision by all owners in the subdivision. Jim Keim stated that everyone in the subdivision has agreed to implement this ban. County Attorney Joseph Smith stated that the subdivision shouldn't be in a position where no one has jurisdiction. He stated that John Johnson pointed out that if something could be done it would apply to the entire county. He recommended that the Board direct him to discuss this matter with the zoning administrators for the county and Norfolk City.

Chairman McCallum questioned if the county could override the two-mile zoning jurisdiction and County Attorney Joseph Smith responded that he was unsure. He stated that the City of Norfolk might already have addressed this issue. Jim Keim stated that he has not spoken to Norfolk City officials regarding this matter. Chairman McCallum stated that if any construction takes place in this subdivision, it falls under Norfolk City's jurisdiction. Jim Keim agreed that zoning issues in Becker's Subdivision are handled by the City of Norfolk; however, the county takes care of the road and other matters.

County Attorney Joseph Smith reported that he would speak with the two zoning administrators and if any action could be taken, he would put the item back on the agenda for action of the Board of Commissioners. Jim Keim questioned what would be wrong with a complete ban for a small area and County Attorney Joseph Smith responded that a complete ban is harder to enforce in court.

County Highway Superintendent Richard Johnson questioned if the owner of the pit bull dogs lives in Becker's Subdivision and Jim Keim responded that the pit bull owner rents a house from Stahla Homes. Chairman McCallum questioned what the homeowner says about having pit bull dogs on his property and Jim Keim responded that Ray Stahla signed the petition requesting the ban on all pit bull dogs. He stated that Ray Stahla was hoping that once the County Sheriff Deputy removed the dog, the owner would be required to keep the dog away. He stated that Ray Stahla doesn't want the pit bull dogs on his property. County Attorney Joseph Smith stated that Mr. Stahla is not doing anything about keeping the pit bull dogs off his property. Chairman McCallum suggested that the owner rent the house and exclude pets.

Jim Keim reported that Ray Stahla was a little hesitant about signing the petition, but then decided that if a ban was implemented, he could tell anyone in the future that they couldn't have a pit bull dog. He stated that Ray Stahla was really hoping to get rid of the pit bull dogs, but now the only thing he could do was notify the tenants of eviction. He reported that Ray Stahla admitted that having the pit bull dogs on property that he owns is bad for him. Mr. Keim stated that he has grandchildren living across the road from him and if a pit bull dog got loose and harmed his grandchildren he would sue both the homeowner and the tenant.

Chairman McCallum acknowledged receipt of the petition requesting the Commissioners to consider a complete ban on pit bull dogs. No further action was taken.

Budget committee members Richard Johnson and Nancy Scheer reviewed the budget summary for the 2009-2010 fiscal year. Don Zoubek was present during discussion on the budget. Budget committee members reported that at the August 18, 2009 meeting, the proposed budget required \$10,862,160 in property taxes, which would necessitate a levy of approximately 44 cents. In addition, they explained that the Commissioners requested the budget committee to maintain the levy at approximately 40 cents, which required a reduction of \$1,034,822 in property taxes.

Budget committee members presented and explained the following recommendations to bring the property tax to the target amount:

- 1) Reduction of \$200,000 in Miscellaneous General Fund
- 2) Reduce the cash reserve in General Fund from 28% to 26%, which would result in a reduction of \$270,633
- 3) Transfer \$564,189 from Inheritance Tax Fund to Federal Aid Secondary Fund

They reported that these changes would reduce the property taxes from \$10,862,160 to \$9,827,338 and would result in an estimated levy of \$0.398975. They stated that no reductions were made to Road/Bridge Fund. They explained that the property tax increase is 7.5% and the levy rate increase is 3.04%. They stated that the proposed budget represents an increase of \$3,130,869, or 11.1%, from the prior fiscal year. In addition, they reported that the valuation increase from the prior year was 4.4%.

Budget committee members presented a listing of the General Fund office functions and all other funds reflecting the recommended reductions. They explained that the large budget increases this year were for major road construction projects, including Victory Road and the first phase of Nucor Road.

Don Zoubek inquired what the money in the Inheritance Tax Fund is used for and Chairman McCallum responded that historically the County Board has used the Inheritance Tax money to reduce the levy or comply with the lid restrictions. Commissioner Uhlir stated that the Board committed \$100,000 annually to the College of Nursing for a ten-year period. Chairman McCallum also reported that funding to the county libraries is paid from the Inheritance Tax Fund and the funding allocated this year is \$37,500. Budget committee members stated that there was an unusually large amount of inheritance tax collections during the prior fiscal year, but historically these funds are used to reduce the levy or fund special capital improvement projects. They further explained that the Commissioners try to maintain a balance of \$2 million in the Inheritance Tax Fund.

After discussion, the Board members authorized the budget committee to implement the proposed recommendations to the 2009-2010 fiscal year budget.

After further discussion, budget committee members presented a resolution to increase the allowable restricted funds authority by 1%. They explained that the recommendations submitted were based on the Board approving an increase in the restricted funds authority over the 2.5% base limit.

After discussion, the following resolution was introduced:

RESOLUTION #2009-52

WHEREAS, Section 13-519 Nebraska Revised Statutes provides that a governmental unit may adopt a budget which exceeds the statutory limit of restricted funds for the fiscal year by an additional one percent upon the affirmative vote of at least 75% of the governing body; and

WHEREAS, the Board of Commissioners has received the preliminary budget reports prepared by the budget committee; and

WHEREAS, the Board of Commissioners finds that an additional 1% of restricted funds authority is necessary to provide funding for anticipated expenditures for the 2009-2010 fiscal year;

NOW, THEREFORE, BE IT RESOLVED, that the restricted funds for the 2009-2010 fiscal year be increased by an additional one percent as provided by law.

Motion was made by Klein and seconded by Uhlir that the foregoing resolution be adopted. Roll call vote: Ayes, McCallum, Uhlir, and Klein. Nays, none. Motion carried.

Budget committee members reported that Section 77-3442 Nebraska Revised Statutes permits the county to allocate up to 15 cents of levy authority to other political subdivisions. They reported that the rural fire districts have agreed to a 4 cent levy, the Madison County Agricultural Society requested a property tax of \$354,415 and the Norfolk Sanitary District requested a property tax of \$104,400. They explained that the total levy allocations would not exceed the statutory maximum of 45 cents when combined with the county levy.

After discussion, the following resolution was introduced:

RESOLUTION #2008-53

WHEREAS, Section 77-3443 Nebraska Revised Statutes provides that certain governmental entities must receive levy allocation authority from the County Board; and
